Walking around our large, modern factory, the dedication and attention to detail of the Summit family is tangible; it's stitched in to every chair we make. It's the people which make the difference at Summit and the care they take over every piece of furniture which leaves our facility.

Responsible Relationships

Environmental responsibility comes naturally to us because we produce furniture to last. 'Buy cheap, replace often' is not a business model you'd hear discussed at Summit because this disposable culture is painfully wasteful. Our furniture is robust and classic in design to ensure your chair doesn't date, while offering years of comfort and function. We are proud of our (UKAS accredited) ISO 14001 environmental management certification, and we are long-standing members of FIRA's Furniture Industry Sustainability Programme (FISP) which imposes stringent and wide ranging levels of accountability.

We're big on sustainable relationships, too. Our culture is to work in collaboration with our suppliers and clients, crafting design-forward seating which offers exceptional value and responds to trends in working practices; furniture which works for you.

Excellence as Standard

Based in the heart of Wiltshire we are proud to be a British manufacturer of 40 years, designing and building all of our seating on site. With a keen eye on efficiency and quality control we have earned a reputation for swift and complete delivery of orders. We have UKAS accredited, ISO9001 Quality Management certification, reflecting our commitment to continual improvement.

Research and Development at Summit focuses on the most forward thinking development trends in the design and use of work, education and hospitality environments. Decades of manufacturing skill meets people-centric design to produce ranges of furniture which enrich commercial spaces.

Our chairs offer outstanding lifetime value and come with a 5 year warranty as standard. All of our task chairs exceed EU requirements for VDU seating, and SATRA testing of the wider collection confirms our products meet the highest standards for strength, stability and reliability.

Open Invitation

We make a good cup of coffee and are always delighted to have visitors. Why not come and see us at our factory and we can talk you through the latest developments in our well-appointed showroom. We can show you why our seating has an enviable reputation for quality and durability. We are very proud of the skills and workmanship that go into making our chairs and enjoy being able to show off our manufacturing facility at work.

Speak to your regional contact or give the office a call and we'll be happy to welcome you.

Our Premium Task chairs embrace the triumvirate of seating priorities: comfort, well-being and inspiring design. Our contemporary collection is luxuriously appointed, fitted with a wealth of features, making the chair the perfect fit. Sophisticated mechanisms and functionality reduce health concerns associated with prolonged sitting. Many of these ranges include complementary visitor and meeting chairs offering a consistent aesthetic through the work space.

The appearance of the mechanism is representative only and may differ slightly according to mechanism type.

Our suites of soft seating are designed to respond to the evolution in the way we work. Inspired by the style and comfort from domestic furniture, facilitating communication through the office space; delivering acoustic control and quiet collaboration zones. Infinitely configurable modular ranges allow you to create flexible meeting compartments with fingertip tech access. Statement pieces make a bold impression as reception furniture and inspire common areas.

Relax, communicate, collaborate

RANGE FEATURES

Polished beech laminate frames on W10 & W11 stacking chairs.

Reception chairs have solid beech frames with mortise and tenon joints.

Frames are coated in anti-bacterial lacquer meeting BS6250 standard for severe use, having FDA and HSE approval for indirect or incidental food contact and found to kill 99.9% of most bacteria over a 24 hour period - salmonella, listeria, e.coli and mrsa.

£55

Heavy-duty, precision engineered mechanisms:

Body Balance Synchro

Back and seat recline in a 3:1 ratio. They can be locked in position or left in free-float mode to follow the user's dynamic movement. The mechanism automatically adjusts to body weight for individually tailored support.

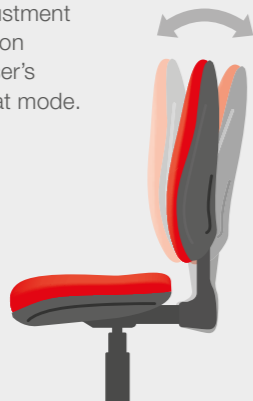

Synchro Plus

Combining the smooth operation of a synchronised mechanism, with the breadth of adjustability of an Operator Plus mechanism; the back angle can be adjusted independently of the synchronised seat and back recline.

Operator

The Operator mechanism has lever operated, back angle adjustment that can be locked in any position or left unlocked to follow the user's movements in dynamic free float mode.

Operator Synchro

Back and seat recline together in 2:1 ratio, can be locked in position or left in free-float mode to follow the user's dynamic movement. These chairs also have adjustable tension control.

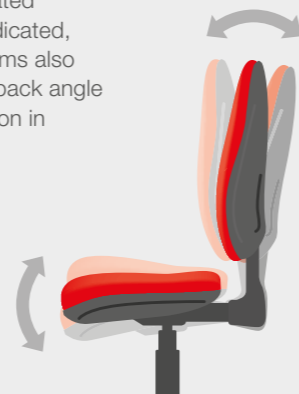

Seat Slider

A seat slider allows the horizontal adjustment of the seat length, offering increased leg support when required. This function is beneficial when the chair is used by multiple users, to accommodate differing seat depth requirements.

Operator Plus

Similar to the Operator mechanism but with additional lever-activated seat tilt adjustment. Where indicated, most Operator Plus mechanisms also include tension control in the back angle movement to adjust for variation in user weight.

Fabric Categories

Our chairs are available in an extensive palette of contemporary fabrics, leathers and PVCs. Pricing is according to the categories listed here. We are happy to source and quote for upholstery in fabrics and coverings not listed. Just speak with a member of the team. Where a product is upholstered in more than one covering, it will be charged at the higher category price.

Guarantees

All of our chairs come with a 5 year structural guarantee, excluding fair wear and tear, and damage or failure caused by misuse. The frames on the Salford 19 & 25, Radstock, Cyrus, Cyrus Bariatric and Beam ranges are structurally guaranteed for 15 years.

The guarantee applies for use up to 8 hours a day by users up to 150kg. All exceptions to that standard, are listed in the table below:

Chair	Parameters of use to maintain guarantee
Posturemax & Ergonomic 24 ranges	24 hour/day use. Users up to 150kg in weight
Posturemax 200	24 hour/day use. Users up to 200kg in weight
Cyrus Bariatric	Users up to 350kg
SK10 Stacking chair	Users up to 200kg
Model G1 in Gloucester range. All chairs in Athena, Tyro, Versit, Vista & Wood range	8 hour/day use. Users up to 110kg

Any chair that requires repair under the terms of our guarantee will be collected from and returned to the supplying dealer on our next available transport.

Fabric, Leather, Wood & Foam

While we take every care to accurately represent the colours of the fabrics in this price guide, the printing process can sometimes alter the colour depiction so we'd always recommend ordering a sample before making a fabric choice.

Leather and wood naturally exhibit grain and colour variations. It's part of their charm as organic materials, adding personality and character to our pieces.

We use Combustion Modified, High Resilient foam in all of our products for comfort, durability and to meet fire safety legislation.

Sample Chairs

We're always delighted to send sample chairs to demonstrate the comfort and craftsmanship we're so proud of. Samples are invoiced on delivery and a credit note issued when the chair is returned in the same condition within 15 working days.

Gas Lifts

All of the swivel chairs in this guide are fitted with a gas lift for easy height adjustment. These are suitable for people up to 150kg in weight. The gas lifts fitted to the Posturemax 200 range chairs are suitable for users up to 200kg.

Ordering

To give accuracy a sporting chance, we only accept written orders. We'll acknowledge the order as soon as possible and request you check the acknowledgement thoroughly to ensure we've accurately interpreted your requirements. If not, please contact us immediately, as we usually start cutting within a day of receiving an order. Alterations or cancellations beyond 24 hours of receipt of order, will incur a charge.

This guide has an image for each product, along with the unique order code to ensure you know what you are ordering. Please be aware, some products are pictured with non-standard specification but where this is the case, it is indicated.

Options for each chair are listed with the chair in the guide and if any are required, please make that clear on your order.

Deliveries

Prices in this guide include delivery to our nationwide dealer network subject to a minimum net invoice value of £250. On request, we can undertake tail gate only deliveries to your customer's premises. We will work out the most cost-effective way to do this for you based on our regular delivery routes.

VAT & Measurements

All prices are in Pounds Sterling and subject to VAT at the prevailing rate.

All measurements are in millimetres and are approximate. They can vary due to option specification.

Terms and Conditions

1. For the purposes of these Conditions the term "the Company" shall mean Summit Chairs Limited, the term "the Goods" shall mean such chairs or other goods as are manufactured and sold by the Company and the term "the Buyer" shall mean the purchaser of the goods.

2. These Conditions apply to all business transactions between the Company and the Buyer and shall be the sole contractual basis of any sale agreement between them.

3. Orders are accepted subject only to these Conditions of Sale and to the exclusion of all other terms and conditions including any terms or conditions which may purport to apply under any purchase order, confirmation of order or similar document. Any variation to these Conditions (including any special conditions agreed between the parties) shall be inapplicable and of no effect whatever unless agreed in writing by the Company.

4. The price of the goods shall be the Company's published price at the date of invoice and VAT shall be due thereon at the rate ruling on that same date.

5. Payment by the Buyer shall be made to the Company by the 20th day of the month that follows the date of the invoice and time for payment shall be of the essence. The Company shall charge interest on invoices that shall become overdue to be paid by the Buyer from day to day until the date of payment at a rate of 2% above HSBC plc's base rate from time to time in force and shall accrue at such rate after as well as before any judgement.

6. All terms and conditions and warranties (whether implied or made expressly) whether by the Company or its servants or agents or otherwise (other than those express warranties set out in the current edition of the Company's specification) relating to the quality and/or fitness for purpose of the goods or any of the goods are excluded.

7. The Goods shall be manufactured and supplied in accordance with the description contained within the Company's specification and manufactured in accordance with all applicable British Standards which relate specifically to the goods.

8. The Company may from time to time make changes in the specification of the goods as may be necessary such as to comply with any applicable or statutory requirements or which do not materially affect the quality or fitness for purpose of the goods.

9. The Company shall deliver the goods to an address and during a day (within normal working hours) agreed with the Buyer. In the event that the Buyer is unable to accept such delivery the Company shall have the right to charge to and recover from the Buyer all costs incurred in connection therewith as if the same were a debt.

10. The Buyer shall take delivery of the goods tendered by the Company notwithstanding that the quantity so delivered shall be less than the quantity purchased provided that such discrepancy in quantity shall not exceed 40% and in which event the price shall be adjusted pro rata to the discrepancy.

11. The Buyer is under obligation to inspect the goods upon receipt and shall notify the Company of any damage to the goods within three days thereof.

12. The Company shall be under no liability whatever to the Buyer for any indirect loss and/or expense (including loss of profit) suffered by the Buyer arising out of a breach by the Company of any sale agreement. In the event of any such breach by the Company the remedies of the Buyer shall be limited to damages. Under no circumstances shall the liability of the Company exceed the price of the Goods.

13. In spite of delivery having been made property in the goods shall not pass to the Buyer until the Buyer shall have paid to the Company the price plus VAT in full and no other sums whatever shall be due from the Buyer to the Company. The Buyer holds the goods in a fiduciary capacity as bailee for the Company. The Buyer agrees to keep apart and separately to identify (as belonging to the Company) all goods owned by the Company in its possession. The Company reserves the right of disposal of any of its property and shall be at liberty to retake possession of the same or any part thereof and for that purpose enter into any premises of the Buyer until the goods delivered to the Buyer by the Company have been paid for in full. The Buyer is authorised to sell or to use the goods as a bailee of the Company. If the goods or any part thereof are sold then if the property in the goods is within the Company pursuant to these terms property shall pass from the Company to the new buyer. In the

event that the Buyer receives from any person payment in respect of the goods or any part thereof the Buyer shall receive and hold such monies on behalf of the Company and keep them separate and apart until the Company has been paid in full for the goods comprised in any agreement between the Company and the Buyer.

14. The Buyer shall insure and keep insured the goods to the full price against "all risks" to the reasonable satisfaction of the Company until the date that property in the goods passes from the Company. If the Buyer fails so to do and without prejudice to the other rights of the Company all sums whatever owing to the Company by the Buyer shall forthwith become due and payable.

15. Any sale agreement between the Company and the Buyer may be subject to cancellation by the Company by reason of an Act of God, force majeure or other cause beyond the control of the Company.

16. The Company guarantees that the goods are fit for the purpose for which they are intended and further guarantees the goods to be free from defects in materials and workmanship for a period of five years for structural parts under normal, 8 hour per day use excepting fair wear and tear and damage or malfunction caused by misuse. The Company undertakes to repair the goods or any part thereof which proves to be defective under normal conditions of use. Any chairs requiring repair within the guarantee period will be collected from and returned to the Buyer on our next available transport.

17. All goods sold in retail packaging may be resold by the Buyer in the packaging supplied by the Company and in no case may any trade mark other than those applied by the Company be marked on or applied in relation to the goods without prior agreement of the company. No right or licence is granted under any sale agreement to the Buyer under any patent, trade mark, copyright, design right or other intellectual property right except the right to use or resell the goods.

18. Any sale agreement between the Company and the Buyer shall be subject to the laws of England and Wales and all disputes arising out of such sale agreements shall be subject to the jurisdiction of the courts of England and Wales.
