## PEDESTALS

The pedestal is an essential part of personal storage in any office design. Our pedestal range comes in a wide variety of heights and drawer configurations that can be combined with our Bench Desking range. All constructed in 18mm MFC, with lockable drawers (via a locking bar system). Our low units are available with seatpads for flexibility. These units have no handles as standard, with extended drawer fronts for 'pull to open'.

# OUR OTHER SERVICES.

## SPECIALS/ PANEL FABRICATION

We have the capabilities to produce Metal products in a wide range of shapes and sizes. We can produce to customer supplied drawings or produce working drawings in house, based on customer specifications and requirements.

## SITE VISITS & CONSULTATIONS

We offer a unique furniture matching service and are willing to engage with your customer to ensure all details are recorded to manage client expectation.

## 3D RENDERING & VISUALISATION

Our design department uses the most advanced tools on the market to produce photo real product renders and room visualisation, this is becoming an ever more important tool in winning tenders.

## PRODUCT DESIGN

Our design and prototype departments work closely with customers to develop new products and ranges. The process starts with a design brief and progresses through to full working prototype and finally to delivered product.

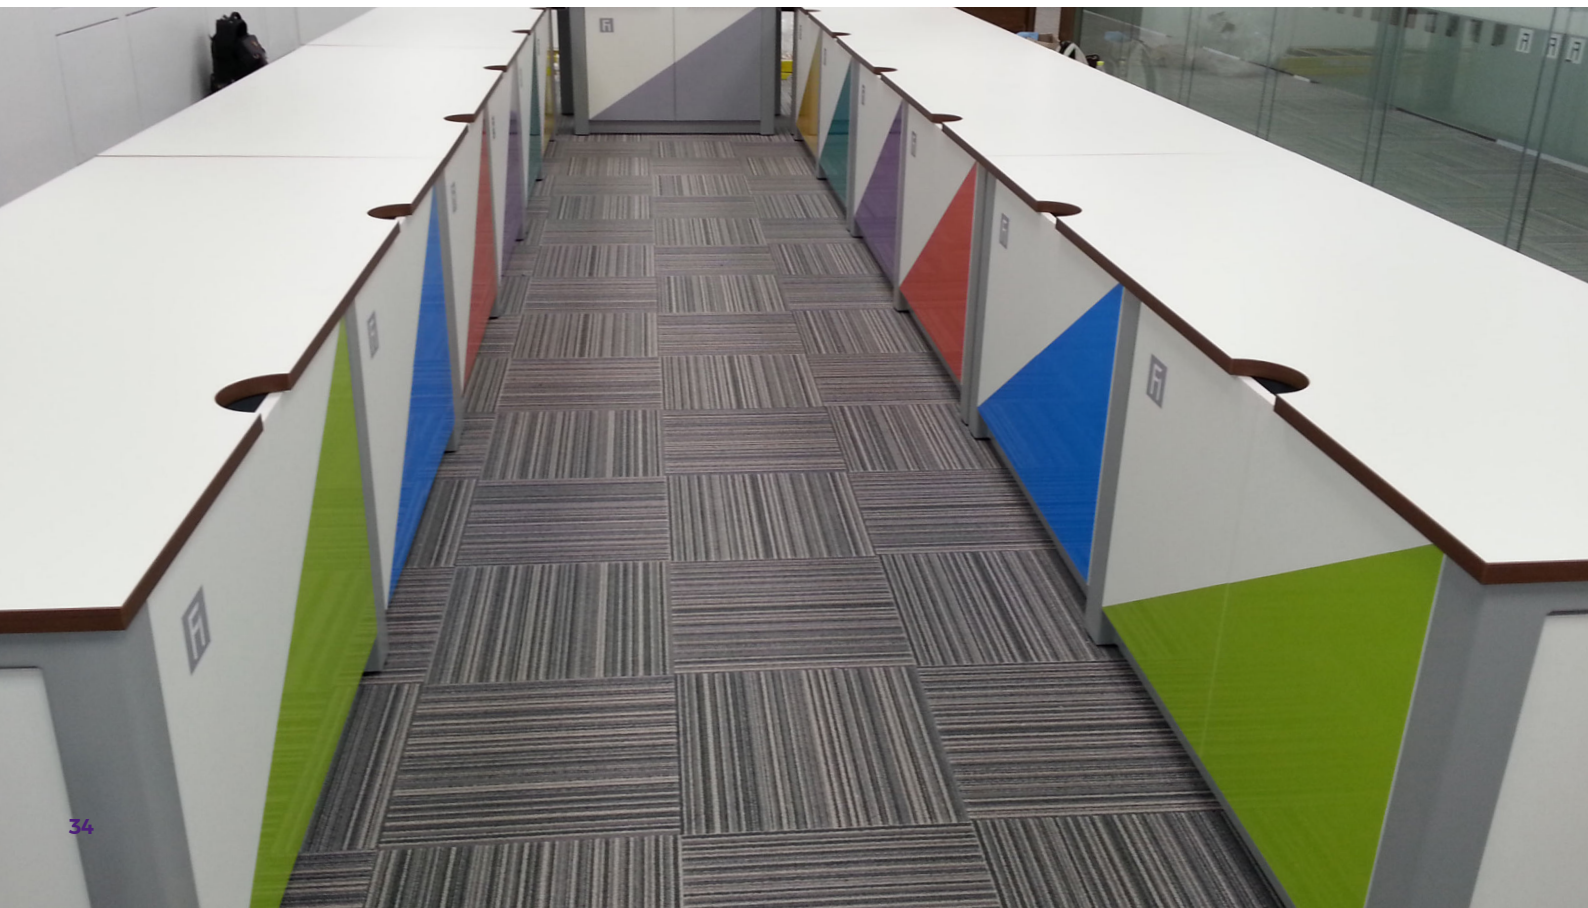

## DIRECT DELIVERIES

We operate our own fleet of vehicles with experienced drivers, trained in the correct handling of our products.

## FURNITURE ASSEMBLY

We can produce fully assembled furniture to customer supplied designs, alternatively our in house design team can produce drawings and manufacture prototypes if required.
