Certified as Climate Positive*

Moventi is a certified Climate Positive business, and have gone beyond carbon neutral status to offset at least 110% of our impact. We achieved this Climate Positive status by working closely with the professionals, who helped us calculate and erase at least 110% of our operational emissions through VCS verified nature-based solutions.

Part of this journey is contributing to projects around the globe that are dedicated to avoiding carbon emissions and preserving natural habitats, including the Rimba Raya Biodiversity Reserve.

This is a project close to our heart, that is preserving the peatland forest of Rimba Raya that would have been turned into palm oil estates, emitting over 100 million tonnes of carbon into the atmosphere. Part of the project is also working with local communities to achieve all of the 17 SDGs, and conserving one of the last wild orangutan populations on Earth.
