Transform the Way You Work

The InnoPod and InnoPod Mute are innovative workspace solutions designed to bring privacy, focus, and versatility to any modern environment.

Whether you're looking for a functional office pod for collaboration or a quiet soundproof pod for undisturbed focus, the InnoPod family offers a solution tailored to your needs. With sleek, modern designs and advanced features, these pods seamlessly integrate into workplaces, transforming open spaces into productive, user-friendly environments.

The InnoPod provides a versatile, flexible space ideal for collaboration, focused tasks, or quiet conversations, while the InnoPod Mute takes privacy to the next level with certified soundproofing, creating a peaceful retreat for undisturbed concentration. Both solutions combine intelligent functionality and sleek design to enhance comfort, efficiency, and style.

InnoPod

InnoPod Big

Features

Flexible table options

Includes a table of your choice with the option to add a second table for increased versatility.

Two table heights

Adjustable working heights of 74 cm or 105 cm for ergonomic comfort and flexibility.

Optional chair suspension

Integrated chair suspension system keeps seating stored neatly when not in use.

Durable nano-laminate tabletop

21 mm table top with impact-resistant ABS edges, available in white, anthracite, or black for a sleek, modern finish.

Optional hook and sign

Add a hook and customisable sign for personal touches and added functionality.

Easy to move

Large castors ensure smooth repositioning and effortless mobility.

Your choice of fabrics

Available in a wide selection of fabrics to suit any aesthetic or workspace design.

Quality assured

Tested to meet EN 1 standards, ensuring durability, safety, and performance.

InnoPod Mute

Design by Nørgaard Design

Features

Simple and quick assembly

Easily assembled in just 6 parts. Installation can be completed in 2-3 hours by two people.

Adjustable feet/casters

Easily reposition or relocate the pod as needed.

Integrated ventilation system

Integrated ventilation system delivers 29 litres of fresh air per second, replacing the air inside for a comfortable working environment.

LED lighting

Built-in LED lights to create a well-lit, comfortable atmosphere. Includes PIR sensor for energy efficiency.

Power options

Includes 14W USB-C & USB-B ports, plus a main power socket to keep your devices charged and ready.

Two desk heights

Two table heights 74 cm or 105 cm.

Class B acoustic certification

Meets BS ISO 23351-1:2020 standards with 26 dB of sound reduction, providing an escape from noisy surroundings.
